**Section C**

We oppose the selective review of the Oxford Green Belt for reasons set out in response to Chap 22(8) and the SDA for reasons expressed in response to Chap 22(6).

The site of the eco-town that is proposed at Weston Otmoor is partly in the Oxford Green Belt (approx a quarter of it). Yet the Housing Minister stated categorically that Green Belt land would not be involved in any of the eco-towns. Futhermore, it is widely accepted that if Weston Otmoor were to go ahead it would seriously undermine the efforts that have been put into promoting Bicester as one of the county's "country towns". We suggest, therefore, that no account should be taken of the so-called eco-towns initiative.
